§ 110.07 APPORTIONMENT OF GROSS RECEIPTS IN CALCULATING FEE DUE.

(A) Except as provided in division (D) below, gross receipts shall be apportioned as follows:

(1) For business entities with both payroll and sales revenue in more than one tax district, by multiplying the gross receipts by a fraction, the numerator of which is the payroll factor, described in division (B) below, plus the sales factor, described in division (C) below, and the denominator of which shall be two; and

(2) For business entities with sales revenue in more than one tax district, by multiplying the gross receipts by the sales factor as set forth in division (C) below.

(3) For the purpose of divisions (A) through (E) of this section, the business entity shall file an apportionment form provided by the city.

(B) The payroll factor is a fraction, the numerator of which is the total amount paid or payable in the city during the tax period by the business entity for compensation, and the denominator of which is the total compensation paid or payable by the business entity everywhere

during the tax period. Compensation is paid or payable in the city based on the time the individual's service is performed within the city.

(C) The sales factor is a fraction, the numerator of which is the total sales revenue of the business entity in the city during the tax period, and the denominator of which is the total sales revenue of the business entity everywhere during the tax period.

(1) The sale, lease, or rental of tangible personal property is in the city if:

(a) The property is delivered or shipped to a purchaser, other than the United States government, or to the designee of the purchaser within the city regardless of the f.o.b. point or other conditions of the sale; or

(b) The property is shipped from an office, store, warehouse, factory, or other place of storage in the city and the purchaser is the United States government.

(2) Sales revenues, other than revenues from the sale, lease or rental of tangible personal property or the lease or rental of real property, are apportioned to the city based upon a fraction, the numerator of which is the time spent in performing such income-producing activity within the city and the denominator of which is the total time spent performing that income-producing activity.

(3) Sales revenue from the sale, lease, or rental of real property is allocated to the tax district where the property is located.

(D) If the apportionment provisions of this section do not fairly represent the extent of the business entity's activity in the city, the business entity may petition the city or the city may require, in respect to all or any part of the business entity's business activity, if reasonable:

(1) Separate accounting;

(2) The exclusion of any one or more of the factors;

(3) The inclusion of one or more additional factors which will fairly represent the business entity's business activity in the city; or

(4) The employment of any other method to effectuate an equitable allocation and apportionment of gross receipts. The city must approve any alternate apportionment method prior to its implementation by the business entity. Once an alternate apportionment method is approved by the city, the business entity must apply such apportionment scheme in all future tax years, unless otherwise directed by the city.

(E) When compensation is paid or payable for work done or services performed or rendered by an employee, both within and without the city, the license fee shall be measured by that part of the compensation paid or payable as a result of work done or service performed or rendered within the city. The license fee shall be computed by obtaining the percentage which the compensation for work performed or services rendered within the city bears to the total wages and compensation paid or payable. In order for the city to verify the accuracy of a taxpayer's reported percentages under this division, the taxpayer shall maintain adequate records.

(F) All partnerships, S corporations, and all other entities where income is "passed through" to the owners are subject to this chapter. The Occupational License fee imposed in this chapter is assessed against gross receipts before it is "passed through" these entities to the owners.

(G) If a business entity makes, or is required to make, a federal income tax return, the Occupational License fee shall be computed for the purposes of this chapter on the basis of the same calendar or fiscal year required by the federal government and shall employ the same methods of accounting required for federal income tax purposes.

(H) If any business entity dissolves, ceases to operate or withdraws from the city during any taxable year, or if any business entity in any manner surrenders or loses its charter during any taxable year, the dissolution, cessation of business, withdrawal, or loss or surrender of charter shall not defeat or excuse the requirement to file returns nor the assessment and collection of any Occupational

License fee for the period of that taxable year during which the business entity had business activity in the city.

§ 110.08 EMPLOYERS SHALL WITHHOLD FEE.

(A) Every employer making payment of compensation to an employee shall deduct and withhold from the compensation an Occupational License fee calculated under § 110.06.

(B) Every employer required to deduct and withhold a fee under this section shall, for the quarter ending after January 1 and for each quarter ending thereafter, on or before the end of the month following the close of each quarter, make a return and report to the city, and pay to the city, the fee required to be withheld under this section, unless the employer is permitted or required to report within a reasonable time after some other period as determined by the city.

(C) Every employer who fails to withhold or pay to the city any sums required by this subchapter to be withheld and paid shall be personally and individually liable to the city for any sum or sums withheld or required to be withheld in accordance with the provisions of this section.

(D) The city shall have a lien upon all the property of any employer who fails to withhold or pay over to the city sums required to be withheld under this section. If the employer withholds, but fails to pay, the amounts withheld to the city, the lien shall commence as of the date the amounts withheld were required to be paid to the city. If the employer fails to withhold, the lien shall commence at the time the liability of the employer is assessed by the city.

(E) Every employer required to deduct and withhold a fee under this section shall annually on or before February 28 of each year complete and file on a form furnished or approved by the city a reconciliation of the Occupational License fee withheld where compensation is paid or payable to employees. Either copies of federal forms W-2 and W-3, transmittal of wage and tax statements, or a detailed employee listing with the required equivalent information, as determined by the city, shall be submitted.

(F) Every employer shall furnish each employee a statement on or before January 31 of each year showing the amount of compensation and Occupational License fee deducted by the employer from the compensation paid to the employee for payment to the city during the preceding calendar year.

(G) An employer shall be liable for the payment of the fee required to be deducted and withheld under this section.

(H) The president, vice president, secretary, treasurer or any other person holding an equivalent corporate office of any business entity subject to this section shall be personally and individually liable, both jointly and severally, for any fee required to be withheld from compensation paid or payable to one or more employees of the business entity, and neither the corporate dissolution or withdrawal of the business entity from the city, nor the cessation of holding any corporate office, shall discharge that liability; provided that the personal and individual liability shall apply to each and every person holding the corporate office at the time the fee becomes or became obligated.

(I) Notwithstanding divisions (H) and (I) above, every employee receiving compensation in the city subject to the fee imposed under § 110.06 shall be personally liable for any amount due. In all cases where the employer does not withhold the fee levied under this chapter from the employee, such employee or employees shall be responsible for filing with the city each quarter in the same manner as if they were the employer.

The city may also require copies of reports or adjustments made by the federal government and/or other financial documents maintained by the business entity.

(C) Every business entity subject to an Occupational License fee governed by the provisions of this chapter shall keep records, render under oath statements, make returns, and comply with rules and regulations as the city from time to time may prescribe. Whenever the city deems it necessary, the city may require a business entity, by notice served to the business entity, to make a return, render statements under oath, or keep records, as the city deems sufficient to determine the fee liability of the business entity.

(D) The city may require, for the purpose of ascertaining the correctness of any return or for the purpose of making an estimate of the taxable income of any business entity, the attendance of a representative of the business entity or of any other person having knowledge of the business entity or on the premises.

(E) The full amount of the unpaid fee payable by any person or business entity, as appears from the face of the return and without regard to any extension of time for filing the return, shall be paid to the city at the time the Occupational License fee return is filed with the city.

(F) Every business entity making payments of \$600 or more to persons other than employees for services performed within the city are responsible for maintaining records of those payments and for completing Form 1099 SF, Statement of Non-Employee Compensation, on or before February 28 of the year following the close of the calendar year in which such compensation was paid. (G) If the time for filing a return is extended, the business entity shall pay, as part of the fee, an amount equal to 12% per annum simple interest on the fee shown due on the return, but not previously paid, from the time the fee was due until the return is actually filed and the fee paid to the city. Any fraction of a month shall count as an entire month.

§ 110.10 EXTENSIONS OF FILING TIME.

The city may grant any business entity an extension of not more than six months for filing its return unless a longer extension has been granted by the Internal Revenue Service or a longer extension is agreed to by the city and the business entity. An extension may only be granted if the business entity, on or before the date prescribed for payment of the Occupational License fee, requests the extension and pays the amount properly estimated as its fee. All requests for an extension shall be made in writing.

The employee shall provide a schedule and computation sufficient to verify the refund claim and the city may confirm with the employer the percentage of time spent outside the city and the amount of compensation attributable to activities performed outside the city prior to approval of the refund.

(C) Where there has been an overpayment of fee under § 110.06, a refund or credit shall be made to any person or business entity to the extent of the overpayment only if a written application for refund or credit is received by the city from the person or business entity within two years from the date the overpayment was made. No refund shall be made of any fee paid unless a complete return is filed as required by § 110.10.

(B) This section shall be administered by the City Clerk/Treasurer, under the direction of the Mayor. The City Clerk/Treasurer with the approval of the Mayor shall have authority to issue and promulgate such regulations as he or she may consider necessary for the administration of this chapter, provided such regulations are not inconsistent with the provisions of this chapter; and provided further that such regulations when promulgated are approved by the City Council. The charges shall be in writing and each charge shall be clearly set out. Within three days after the filing of the charges and of the time of the hearing thereof shall be mailed to the licensee at the address shown on the license and a hearing before the City Council shall be held within ten days after the filing of the charges with the
