2. Under normal operating conditions, telephone answer time by a Franchisee representative, including wait time, shall not exceed thirty (30) seconds when the connection is made. If the call needs to be transferred, transfer time shall not exceed thirty (30) seconds. These standards shall be met no less than ninety percent (90%) of the time under normal operating conditions, measured on a quarterly basis. Franchisee shall not be required to acquire equipment or perform surveys to measure compliance with telephone answering standards unless an historical record of complaint indicates a clear failure to comply.
3. Under normal operating conditions, the Subscriber will receive a busy signal less than three percent (3%) of the time.
4. Customer service center and bill payment locations will be open at least during normal business hours and will be conveniently located.

C. Installations, Outages, and Service Calls

Under normal operating conditions, each of the following four (4) standards will be met no less than ninety-five percent (95%) of the time measured on a quarterly basis.

1. Standard installations will be performed within seven (7) business days after an order has been placed. "Standard" installations are those that are located up to 150 feet from the existing distribution system.
2. Excluding conditions beyond the control of the operator, Franchisee will begin working on "service interruptions" promptly and in no event later than 24 hours after the interruption becomes known.
3. The "appointment window" alternatives for installations, service calls, and other installation activities will be either a specific time or, at maximum, a four-hour time block during normal business hours. (Franchisee may schedule service calls and other installation activities outside of normal business hours for the express convenience of the subscriber.)

4. Franchisee may not cancel an appointment with a subscriber after the close of business on the business day prior to the scheduled appointment.
5. If a Franchisee representative is running late for an appointment with a subscriber and will not be able to keep the appointment as scheduled, Franchisee or its representative will notify the Subscriber of this fact. The appointment will be rescheduled, as necessary, at a time that is convenient for the Subscriber.

In addition, the cable operator shall notify subscribers thirty (30) days in advance of any significant changes in the other information required by the preceding paragraph.

2. Billing:

4. Credits:

Credits for service will be issued no later than the Subscriber's next billing cycle following the determination that a credit is warranted.

SECTION 17. PREFERENTIAL OR DISCRIMINATORY PRACTICES PROHIBITED.

- A. Franchisee shall not -- as to rules, regulations, rates, charges, provision of service, or use of facilities and equipment -- make, allow, or grant any undue preference or advantage to any person, nor subject any person to prejudice or disadvantage on the basis of age, race, creed, color, sex, national origin, handicap, religious affiliation, sexual orientation, or location of residence.
- B. Franchisee shall not deny cable service, or the extension of cable service, to any group of potential residential cable Subscribers because of the income of the residents or the local area in which such group resides.
- C. This Section, however, does not prohibit Franchisee from offering a promotional or incentive discount rate or charge.
- D. This Section does not prohibit Franchisee from denying service based on location of residence, if that residence is located outside the parameters for line extension as detailed herein.
- E. This Section does not prohibit Franchisee from denying service to a Subscriber who is more than thirty (30) days delinquent in the payment of any service bill.
- F. This Section does not prohibit Franchisee from implementing a no-frills service tier for "lower income" and/or fixed income individuals.
- G. This Section does not prohibit Franchisee from making agreements or entering into service agreements with multiple dwelling unit owners or commercial establishments (including hotel, motel, apartments, fraternities, sororities, and mobile home park owners) to provide service under a bulk billing or other type of arrangement.

- H. Franchisee will comply with all Federal and State laws regarding special service requirements on handicapped subscribers.

SECTION 18. USE OF EQUIPMENT, RETURN OF EQUIPMENT, SECURITY DEPOSITS, AND THEIR RETURN.

- A. Franchisee may charge an appropriate security deposit provided that it shall comply with any and all applicable State rules concerning the imposition, retention, and return of security deposits and does not exceed the cost of replacement, plus recovery.
- B. Franchisee may charge an appropriate security deposit in those instances where a subscriber is reconnected after an involuntary disconnection for nonpayment or prior history of unsatisfactory payment.
- C. Franchisee shall return a security deposit after the equipment is satisfactorily returned or the subscriber maintains a satisfactory payment history, which is determined as no payment delinquencies within the preceding twelve (12) month period).
- D. A Subscriber shall totally and fully reimburse Franchisee for any damage or loss to any of Franchisee's equipment that is due to the Subscriber's failure to properly maintain and operate such equipment.
- E. A Subscriber shall be relieved from any responsibility for reimbursing Franchisee for the repair of equipment that malfunctions or does not operate due to a hidden or latent defect in the equipment, or for equipment that fails to operate, or improperly operates due to natural occurrences conditioned by the normal wear and tear of such equipment; however, Subscriber shall still be obligated to return said equipment to Franchisee otherwise undamaged.

SECTION 19. SERVICE LOGS.

- A. Franchisee shall be required to keep and maintain service logs, subject to any limitations imposed by State or Federal law, including any Subscriber privacy limitations.
- B. The purpose of the service logs is to assist the City in assessing (in the aggregate) the type, degree, and resolution of Subscriber trouble calls and written complaints.
- C. In addition to any other right of inspection that the City may possess, it shall have the right to review and inspect a compilation of such logs; provided, however, that Franchisee shall have no obligation to retain any log for more than three (3) years. However, the City shall not have the right of access, review, or inspection of any service logs or any information contained within service logs that are otherwise protected from access, review, or inspection by State or Federal law.
- D. This Section does not require Franchisee to maintain service logs on scheduled

installations, upgrades, and changes of service.

SECTION 20. RESTORATION OF A SUBSCRIBER'S PROPERTY

- A. Any time Franchisee disturbs the yard, residence, or other real or personal property of a Subscriber, Franchisee shall ensure that the Subscriber's yard, residence, or other personal property is returned, replaced, and/or restored to a condition that is sufficiently comparable to the condition that existed prior to the commencement of the work.
- B. The costs associated with both the disturbance and the return, replacement, and/or restoration shall be borne by Franchisee.
- C. The requirements imposed upon Franchisee shall extend to any subcontractor or independent contractor that Franchisee might employ to perform the tasks outlined in this Section.
- C. Provided, however, Franchisee has the authority to diligently trim trees of a private property owner (including a subscriber), which overhang or intrude into rights-of-way or easements, but only to the extent necessary to prevent the branches of the trees from coming in contact with Franchisee's cable television facilities.

SECTION 21. SERVICE REQUESTS, COMPLAINTS, AND RESPONSE TIMES.

- A. Except in times of a natural or man-made emergency, or an appointment scheduled with the mutual consent of a Subscriber, Franchisee shall respond to the service requests and complaints of subscribers within thirty-six (36) hours after the need for service becomes known. Moreover, except in emergency situations, Franchisee shall inform the Subscriber whether the service call is scheduled for the morning, afternoon, or evening hours. If the service call has to be canceled or rearranged, unless the Subscriber decides otherwise, Franchisee shall make every effort to notify the Subscriber as soon as possible, and to re-schedule the service call.
- B. Franchisee may rank-order service calls in order of severity. Total outages will take precedence over area outages, area outages take precedence over a single home, and a multi-channel problem takes precedence over a single-channel problem.

SECTION 22. FRANCHISEE REQUIRED TO MAINTAIN SUFFICIENT REPAIR PARTS AND SUFFICIENT REPAIR PERSONNEL.

- A. Except in times of a natural or man-made emergency, Franchisee shall at all times have access to and be able to secure sufficient maintenance and repair parts and equipment for the System so that Franchisee can respond to and correct all Subscriber service interruptions within the time periods specified in this Agreement.

A standard installation is one that is located within one hundred fifty (150) feet from the existing distribution system. During rush periods, new installations, promotional, short-term, or seasonal connections, reconnections, and upgrades of service by Franchisee shall be performed and completed within fourteen (14) days of a Subscriber requesting such service if cable is built to the home.
- B. While Franchisee may charge a Subscriber for installing, connecting, or reconnecting service, such charge must be explained to subscribers.
- C. In the case of a promotional or seasonal connection, any limitations or restrictions should be explained prior to the promotional or seasonal connection.
- D. Franchisee may charge an appropriate reconnection charge or require a security deposit in those instances where a Subscriber is reconnected after an involuntary disconnection for nonpayment or a prior history of unsatisfactory payment.

SECTION 24. DISCONNECTION FOR NON-PAYMENT.

- A. A Subscriber shall be considered delinquent in payment if payment is not made within ten (10) days after receipt of the bill. Franchisee shall not disconnect service prior to 30 days after a Subscriber's receipt of the unpaid bill, however, Franchisee may charge a late fee for any payment which has not been made after the 10th day from receipt.
- B. Receipt of a dishonored check from a Subscriber in response to a written notice of disconnection does not constitute payment, and the Franchisee need not give the Subscriber further notice prior to disconnecting service.
- C. Franchisee may add a reasonable collection charge, subject to applicable state regulations to the Subscriber's bill.

SECTION 25. VOLUNTARY DISCONNECTIONS AND DOWNGRADES.

- A. At any time, a Subscriber who does not have a separate contract with the Franchisee may request that a particular service tier, pay channel, premium channel, informational service, or the entire service be disconnected.
- B. A Subscriber may request a downgrade from a particular level of service to a less comprehensive level of service or a less expensive level of service.
- C. From the date that such a Subscriber makes such a request for either a disconnection or downgrade, the Franchisee shall have ten (10) days to disconnect or downgrade the service tier, pay channel, premium channel, informational service, or entire service. In the event that Franchisee does not disconnect or downgrade service within this period, a Subscriber's obligation to pay for such service shall cease, or in the case of a downgrade, a subscriber's obligation to pay for the more comprehensive and/or higher priced service shall cease ten (10) days from the date of the Subscriber request.
- D. For a service tier, premium channel, or informational service that is voluntarily disconnected, a Subscriber shall pay a pro rata share of the monthly rate for such service tier, premium channel, or informational service.
- E. Once a valid connection to a pay-per-view event occurs, the Franchisee may collect the full advertised or quoted rate if the Subscriber then attempts to disconnect the pay-per-view event.
- F. Provided that Franchisee does not have to make a trip or add additional equipment to the Subscriber's location to perform a change in service, no separate disconnect or downgrade charge may be passed onto a Subscriber if it chooses to take advantage of a lower-priced or less comprehensive service tier. However, to prevent Subscriber abuse of this voluntary disconnection or downgrade policy, a Subscriber shall be charged a minimum one (1) month's full rate for any one (1) service tier that is connected and then subsequently disconnected.
- G. If Franchisee's equipment is, or has been damaged, by a Subscriber prior to disconnection, then Franchisee may charge the Subscriber with the entire cost for such damage, provided that Franchisee notifies the Subscriber within thirty (30) days of the disconnection. A Subscriber shall not be required to pay for equipment failure if the circumstances fall within the normal wear-and-tear guidelines.
- H. Any refund due a Subscriber after disconnection -- both for nonpayment and voluntary disconnection -- shall be made within forty-five (45) days after such disconnection.

SECTION 26. RESOLUTION OF COMPLAINTS.

In the event of a Subscriber billing or repair complaint, the complaint will be handled as follows:

1. Franchisee shall make an initial response to a complaint no later than one (1) service day after receipt of the complaint;
2. Every attempt will be made to resolve the complaint within seventy-two (72) hours or three (3) service days, whichever is longer, after receipt of the complaint.

SECTION 27. CONTINUED USE OF INDIVIDUAL ANTENNAS PROTECTED.

No person shall be required to receive cable service or to physically connect to the cable system.

SECTION 28. CONSTRUCTION OF GOOD QUALITY.

During any phase of construction, installation, maintenance, and repair of the System, Franchisee shall use materials of good and durable quality and all such work shall be performed in a safe, thorough, and reliable manner. Such work shall comply with FCC and industry standards.

SECTION 29. CONDITIONS ON USE OF STREETS AND PUBLIC WAYS.

- A. All wires, conduits, cable (coaxial, fiber, or functional equivalent), and other property and facilities of Franchisee shall be so located, constructed, installed, and maintained so as not to endanger or unnecessarily interfere with usual and customary use, traffic, and travel upon the streets, rights-of-way, easements, and public ways of the City.
- B. In the event Franchisee's System creates a hazardous or unsafe condition or an unreasonable interference with property, then, at its own expense, Franchisee shall voluntarily, or upon the request of the City, remove that part of the system that creates the hazardous condition from the subject property.
- C. Franchisee shall protect rights-of-way, easements, and support or temporarily disconnect or relocate in the same street or other public way any property of Franchisee when necessitated by reason of:
 1. traffic conditions;
 2. public safety;
 3. a street closing;
 4. street construction or resurfacing;
 5. change or establishment of street grade; or
 6. installation of sewers, drains, water pipes, storm drains, lift stations, force mains, power or signal lines.

- C. Pavement Removal, Excavation, and Grading. The Franchisee shall provide commercially reasonable notice of any nonemergency removal or revision of any pavement and any excavation and grading reasonably necessary within any public property in the franchise area and the plans and specifications for such new facilities to the City. Before undertaking such work, the Franchisee shall abide by the City's permitting process and receive necessary approval thereof by the City, which approval shall not be withheld unless the proposed pavement removal, excavation, or grading are contrary to the public health, safety, welfare, and convenience. The Franchisee shall also comply with all ordinances and regulations of City, including, but not limited to, the City's Public Right-of-Way Ordinance, § 96.50 *et seq.* of the City Code of Ordinances ("Code") and its Historic Preservation Ordinance, § 156.01 *et seq.* of the Code, and any regulations adopted in connection with these ordinances. In the event that any request for pavement removal or revision, excavation or grading is denied by the City, such denial shall be set forth in writing with the basis of the denial set forth therein within thirty (30) days of the Franchisee's notice. If a written denial or approval is not received within thirty (30) days, the removal or revision of any pavement and any excavation and grading shall be deemed approved. The City acknowledges that the Franchisee has a statutory duty to provide adequate efficient and reasonable service and that the Franchisee shall not be prevented from fulfilling that statutory obligation due to any delay by the City in giving or failing to give any approval described herein.
- D. Right-of-Way Maintenance. The Franchisee shall have the right to cut, trim or remove any trees, overhanging branches, or other obstructions on public property which in the reasonable opinion of the Franchisee may endanger or interfere with the efficient installation or maintenance of facilities subject to compliance with § 96.50 *et seq.* and § 156.01 *et seq.* of the Code.

SECTION 31. PERMITS AND LICENSES.

SECTION 35. EXTENT OF GRANT OF FRANCHISE.

- A. Franchisee may construct, erect, install, maintain, operate, repair, replace, remove, or restore a Cable System within the geographical limits of the City.
- B. The System may be located in, upon, along, across, over, and under the streets, rights-of-way, easements, and public ways of the City and County.
- C. The System may be located on City- and County-owned poles at no charge.
- D. Franchisee, through a separate pole or utility easement agreement with an affected utility, may locate the System on, or within, the property of such utility company.

SECTION 36. TERM OF FRANCHISE.

- A. The term of this renewal franchise shall be five (5) years, with an additional three (3) year terms per mutual consent, from the Effective Date of this Franchise Agreement. Under no circumstances shall the total length of total length of the Franchise exceed twenty (20) years. The rights and privileges granted by this Franchise Agreement to Franchisee are not exclusive and nothing herein is intended to or shall be construed so as to prevent the City from granting other and similar rights, privileges, and franchises to any other person, firm, association or corporation.
- B. The City and Franchisee acknowledge and agree that the field of cable television is a rapidly changing one that may see regulatory, technical, financial, marketing, and legal changes during the term of this Franchise. Therefore, to provide for the maximum degree

of flexibility in the Franchise and to achieve a continued, advanced, and modern cable television system, the following evaluation provisions will apply:

(i) The City and Franchisee mutually agree to participate in evaluation sessions at any time and from time to time during the term of this Franchise; provided, however, there shall not be more than one (1) evaluation session every five (5) years;

(ii) Topics that may be discussed at any evaluation session include, but are not limited to, channel capacity, system performance, programming, PEG access, municipal or educational uses of the system, subscriber complaints, judicial rulings, and any other topics the City or Franchisee may deem relevant;

(iii) During an evaluation session, Franchisee and the City shall fully cooperate with one another and shall provide without cost such information and documents as are reasonably necessary to perform the evaluation;

(iv) The City and Franchisee, as the result of an evaluation session, may determine that an amendment of the terms or conditions of the Franchise may be appropriate, that the requirements of the System or of the Franchise should be updated, changed, or revised (collectively, the "Proposed Modification"). If the Proposed Modification is consistent with the terms of this Franchise, the needs of the City, the then existing state-of-the-art technology, and is financially reasonable, Franchisee and the City will, in good faith, review the terms of the Proposed Modification and consider amending the Franchise accordingly.

SECTION 37. PAYMENT OF MULTICHANNEL VIDEO PROGRAMMING SERVICES TAX.

A. Franchisee shall make payments at the times and in conformance with the requirements of KRS 136.600 - 136.660 ("Kentucky Telecom Taxes") and said payments shall be in lieu of any Franchise Fees paid to the City. If the City elects to collect Franchise Fees in lieu of the Kentucky Telecom Taxes, the Franchise Fee shall be in an amount not to exceed five percent (5%) of Franchisee's gross revenue derived from all sources from the operation of Franchisee's Cable System to provide cable service within the territorial limits of the City ("Franchise Fee"). In such case, the Franchise Fee shall be payable as follows:

1. Quarterly payments for each calendar quarter and the Franchisee shall file a complete and accurate report, signed by and certified as accurate by a responsible representative of the Franchisee, of all applicable gross revenues received during the calendar quarter, and said payment shall be made to the City no later than forty-five (45) days after the expiration of the quarter. The gross revenue report from operations of the Franchisee within the Franchise area shall include a statement of gross revenue upon which the Franchise fee is based.
2. In the event that Franchisee pays a Franchise Fee under subsection (1), upon

reasonable notice, the City shall have the right during normal business hours to inspect the Franchisee's records relevant to the payment of Franchise Fees at the Franchisee's local office and the right to audit and to recompute any amounts determined to be payable under this Ordinance; provided, however, that such audit shall take place within twelve (12) months following the close of each of Franchisee's fiscal year for which the audit is done (e.g. if the Fiscal Year is January 1, 2024 to December 31, 2024, audit would have to occur prior to December 31, 2025). If, as a result of such audit or review, the City and Franchisee agree that the Franchisee has underpaid its fees to the City in the Fiscal Year being audited or reviewed by ten percent (10%) or more, then, in addition to making full payment of the relevant obligation, the Franchisee shall reimburse the City for all of the reasonable costs associated with the audit or review, including costs for attorneys, accountants, and other consultants. Any additional amount due to the City as a result of an audit or review shall be paid within the thirty (30) days following written notice to Franchisee by the City, which notice shall include a copy of the audit report and copies of all invoices for which the City seeks reimbursement.

No auditor engaged by the City shall be compensated on a success- based formula, e.g., payment based on a percentage of an underpayment, if any.

3. The City is not prohibited from collecting valid fees or taxes as set forth in KRS 136.660(3).

SECTION 38. RELIEF FROM THIS FRANCHISE AGREEMENT.

- A. Franchisee may file a written petition, at any time, with the City seeking relief from one (1) or more provisions of this Franchise. The relief requested may specifically include the delay in implementation of one (1) or more provisions of this Agreement.
- B. If at any time during the existence of this Franchise, a competing multi-channel service, subject to regulation by the City, is granted more favorable term(s) than those established for the Franchisee under this Franchise Agreement (including, but not limited to lesser channel capacity, lesser requirements to provide public, educational, or government access, less onerous reporting requirements, less onerous subscriber notification requirements, less restrictive billing practices, less onerous subscriber service requirements, less responsibility to provide institutional networks or data transmission facilities or interconnection), then such term(s) shall also be simultaneously extended to the Franchisee so that no provider of multi-channel service, subject to regulation by the City, shall receive an unfair competitive advantage.
- C. City recognizes that potential competitors of the Franchisee, including, but not limited to wireless broadcasters, video dial-tone providers, and direct broadcast satellite services may not be subject to regulation by the City. If at any time during the existence of this

Franchise, a competing multi-channel service, not subject to regulation by the City, operates within the City under terms more favorable than those established for the Franchisee under this Franchise Agreement, including but not limited to lesser channel capacity, lesser requirements to provide public, educational, or government access, less onerous reporting requirements, less onerous subscriber notification requirements, less restrictive billing practices, less onerous subscriber service requirements, less responsibility to provide institutional networks or data transmission facilities or interconnection, or less responsibility to pay a Franchise Fee, then the Franchisee shall be permitted to petition the City for relief from such term(s) so that no provider of multi-channel service shall receive an unfair competitive advantage, provided, however, that the City is not obligated to provide the relief requested.

SECTION 39. ASSIGNMENT OR TRANSFER OF FRANCHISE.

- A. This Franchise may not be assigned or transferred in whole, or in part, without the prior express written approval by the City.
- B. Any attempted assignment or transfer without such prior written consent shall constitute a default of such franchise.
- C. In the event of such a default, the City shall proceed according to the procedure set forth in this agreement, and any applicable State or Federal law.
- D. Franchisee shall petition in writing for the City's written consent for a proposed assignment or transfer.
- E. The City will not unreasonably withhold its consent to such an assignment or transfer and the City shall provide a response to such request within 30 days. In making such a determination, the City may consider the following factors:
 - 1. Experience of proposed assignee or transferee (including conducting an investigation of proposed assignee or transferee's service record in other communities);
 - 2. Qualifications of proposed assignee or transferee;
 - 3. Financial ability and stability of the proposed assignee or transferee;
 - 4. The character of proposed assignee or transferee; and
 - 5. The corporate connection, if any, between the Franchisee, and proposed assignee or transferee.
- F. Notwithstanding the foregoing, no consent shall be required for the Franchisee to hypothecate or mortgage Franchisee's assets or in the case of a corporate reorganization where control of the corporation does not change.

SECTION 40. DEFAULT OF FRANCHISE, REVOCATION, TERMINATION, OR

CANCELLATION OF FRANCHISE

- A. In the event any act or omission of the Franchisee substantially violates of any material term or provision of this Franchise to such a degree that the interests of either the City or Subscribers are negatively affected thereby and about which the Franchisee has not received any prior notice from the executive authority of the City about any prior violations thereof, the executive authority of the City shall notify the Franchisee in writing of such violation and allow the Franchisee to discontinue, correct, and cure such violation, within a period of no less than thirty (30) calendar days after such notice, which shall hereinafter be identified and referred to as the “Correction Period”.

Within the Correction Period, Franchisee must notify the executive authority of the City of any action it takes in response to the notice of violation. The executive authority of the City will thereafter notify Franchisee if the correction action taken by Franchisee is satisfactory.

- B. In the event that the corrective action of the Franchisee is not satisfactory to the executive authority of the City, the executive authority of the City shall notify the Franchisee of its decision, and of the time and place of a due process administrative hearing by the executive authority of the City in regard thereto, which shall be not less than thirty (30) nor more than sixty (60) days thereafter.
- C. At any administrative hearing, the Franchisee may present information on the current status of the alleged breach of the Franchise Agreement, including any resolution or steps are being taken to resolve the situation. Upon the conclusion of the hearing, the executive authority of the City may determine that the Franchisee has cured any noncompliance and thereby dismiss the matter or may determine from the evidence presented that such violation continues that could have been prevented by the Franchisee. The executive authority of the City shall notify the Franchisee as well as the legislative body of the City of any finding that the Franchisee violated a provision and failed to cure the violation within the Correction Period while having the ability to do so along with evidence in support of the conclusion. Upon such notice:
1. The executive authority of the City may direct the Franchisee to take corrective action within a specified period of time; and
 2. The executive authority of the City may impose on the Franchisee a penalty of up to One Hundred (\$100.00) Dollars per day for each day of a continuation of such violation, which shall be paid by the Franchisee within thirty (30) days after receipt thereby of an itemized bill therefor from the City; and
 3. The legislative body of the City may revoke, terminate, or cancel the Franchise by repealing the ordinance by which it was granted, with an effective date of not less than six (6) months thereafter.
- D. Notwithstanding any other provision of this Franchise, it is the intent of the City not to weigh any violation of this Franchise against the Franchisee in any subsequent review of Franchise performance or to subject the Franchisee to penalties, fines, forfeitures, or

revocation of the Franchise in any of the following instances:

1. The violation was not intended by the Franchisee and the effect thereof on Subscribers was de minimis; or
2. The violation was reasonably beyond the control of the Franchisee; or
3. There is no pattern of violation or the occurrence of repeated violations of the same matter over time after notification of the Franchisee thereof by the City.

SECTION 41. CAPACITY OF SYSTEM.

- A. Franchisee and City recognize that the need for channel capacity is in part related to the community's demand for video and non-video programming. Both the City and Franchisee also recognize that accurate prediction of this demand is very difficult and that micromanagement regarding system capacity of the Franchise operations is not in the best interest of the City. Accordingly, a requirement for excess unused capacity will unnecessarily increase the cost of cable service while insufficient capacity will hinder the long-term growth of the system. Within these parameters, however, Franchisee's system shall have sufficient capacity to meet community needs efficiently. Provided, however, that cost to the Franchisee shall be considered should circumstances at that time cause Franchisee to not be able to justify expanding its system or programming services levels to the levels herein.
- C. Thereafter, Franchisee shall expand the channel capacity of the system within a reasonable period of time so that it can meet all future cable-related needs of the community for which the Subscribers are willing to pay. The desirability of additional channels shall be determined by a joint survey conducted by the Franchisee and the City of a representative sample of the then existing Subscribers. However, in no event shall Franchisee be required to expand the channel capacity of the System in an amount greater than the number of channels for which it can reasonably recover the cost of adding the channel capacity over the remaining life of the Franchise.

SECTION 42. DESCRIPTION OF CABLE TELEVISION DISTRIBUTION SYSTEM

- A. The Franchisee will voluntarily provide service using either a 1GHz analog or digital RF system over a fiber-optic infrastructure. Such service will include over two hundred (200) channels of digital content, as well as high-definition (HD) programming, digital video recorder (DVR), and video-on-demand (VOD) services.
- B. The system will be designed with the ability to pass a combination of standard NTSC analog television signals and digital signals on the forward passband. The system will be capable of bi-directional operation.

SECTION 43. PUBLIC, EDUCATIONAL, GOVERNMENTAL, AND LEASED

ACCESS

- A. Franchisee shall make available sufficient channel capacity and the necessary electronics to provide for at least five (4) non-commercial channels for local programming with one (1) channel for public access, one (1) channel for educational access, one (1) channel for governmental access, and one (1) channel for local origination programming. The number of channels available for local programming can be reduced in accordance with paragraph (B) below or expanded in accordance with paragraphs (C) and (D) below, except that at no time shall there be less than three (3) channels available, distributed as follows: one (1) for public access, one (1) for educational access, and one (1) for governmental access.
- B. Both the City and the Franchisee shall review use after every twelve (12) months, including the percentage of use of the access channels. At the end of each twelve (12) month period, the City shall evaluate the response and actual use of such channels. If, after any twelve (12) month period, the percentage of use for the required access channel drops below twenty-five percent (25%) of the total time allocated, then the required number of hours shall be reduced to a number that most closely approximates the average hours of use per day. If the City determines the average hours of use per day for any required access channel is less than four (4) hours, after two consecutive review periods, then the requirement for that channel's availability shall cease, and Franchisee may use such channel for any lawful purpose.
- C. If, at any time, ninety percent (90%) of the total time allocated for any required access channel is consistently used five (5) days a week for a period of six (6) months, then Franchisee shall make available an additional access channel.
- D. Provided, however, that the Franchisee shall not be required to delete any channel(s) carried on basic cable and the total number of channels reserved for access by the Franchisee shall not exceed five (5) access channels whose use shall be used for:
- Public Access
 - Governmental Access
 - Educational Access
 - Local Origination
- E. Public Access
- Franchisee will make the Public Access channel available for use in accordance with the Public Access Operating Rules during the period 11 a.m. to 11 p.m. Monday through Saturday.
- F. Government Access
1. The government access channel will be shared by all municipal and county governments in Northern Kentucky. Franchisee shall schedule programming on this channel in a manner designed to provide all subscribers within the County with equal opportunity to view programs about or affecting the City. This channel shall

be made available to increase the general public's awareness of local government.

2. The governmental access channel shall serve as a means for the Mayor, Judge/Executive, City Officials, and County Officials to communicate with the citizens of the City and County whenever they find it valuable.
3. Franchisee will schedule programming of the City at times which are as good as or better than those available to other governmental entities on Governmental Access channels.

G. Educational Access

Franchisee shall provide channel capacity for the use of public, private, and special schools in the City and the County during the period 9 a.m.- 11 p.m. Monday through Saturday.

- H. The above requirements do not require Franchisee to maintain separate channels for the City.
- I. Franchisee will comply with Federal regulations requiring the provision of leased access channels.
- J. Franchisee shall be permitted to provide nonaccess programming on any of the above channels during any period. Such channel is not used for access programming.
- K. Franchisee will develop rules and procedures for the use of the access channels that will address scheduling, requirements and procedures, technical specifications, use of equipment, and facilities, as well as the rights and responsibilities of program producers and other access users.

SECTION 44. MISCELLANEOUS PROVISIONS—TAMPERING AND
UNAUTHORIZED RECEPTION OF CERTAIN SERVICES

- A. No person shall intercept or receive or assist in intercepting or receiving any communications service offered over a Cable System unless specifically authorized to do so by Franchisee or as may otherwise be specifically authorized by law.
- B. For the purpose of this Section, the term "assist in intercepting or receiving" shall include the manufacture or distribution of equipment intended by the manufacturer or distributor, as the case may be, for the unauthorized reception of service.
- C. Without securing permission from Franchisee or making payment to Franchisee, no person shall be authorized to make any connection -- whether physically, electrically, acoustically, inductively, or otherwise -- with any part of the Cable System for the purpose of receiving or intercepting or assisting others to receive or intercept any cable service lawfully provided by Franchisee.

- D. No person shall be authorized to willfully tamper with, remove, or damage any cable, wires, equipment, or facilities used for the distribution of cable services.
- E. Violation of subsection (A) above may be prosecuted under Federal, State, and/or Local Law.

SECTION 45. EQUAL EMPLOYMENT OPPORTUNITY

Franchisee shall comply in all respects with the Federal Communications Commission regulations governing equal employment opportunity. Furthermore, the Franchisee shall comply with all other applicable government regulations whether federal, state, or local.

Equal opportunity in employment shall be afforded to all qualified persons, and no person shall be discriminated against. because of race, color, religion, national origin, handicap, sex, or age.
