## Dayton April 2025 Report

Tuesday 4/1/25 I have been patrolling by 411 4<sup>th</sup> and there have been people working in there and the gate has been opened. I called and found out the previous tenants with the rottweiler has been evicted and it is owned by someone new now. I let the court know because he has an open case regarding containing the dog.

I received a complaint that the 2 dogs from 425 3<sup>rd</sup> got loose and jumped the fence at 426 3<sup>rd</sup> and attacked her dog. The dog has 3 puncture wounds on its leg and is limping and has a puncture wound on the back of the neck. This is not the first time these dogs have gotten loose and showed aggression. A Dayton officer cited Juanita Rogg to court for 2 counts of control of dog and 2 counts of dangerous animal. Our court date is 4/18/25 at 9am.

Friday 4/4/25 Called for 2 brindle dogs behind the floodwall. Could not find them, but saw on facebook the owners got them back, they live in Bellevue.

Thursday 4/10/25 Got a call about 2 cats living in a car with their homeless owner. I went to the car across from 921 4<sup>th</sup> and took pictures of the cats and sent to a rescue. They agreed to take them. They are going to Forever homes rescue which is ran by Ashley Goodhew Fogle. Both cats died from a contagious virus.

Messaged Billy at 804 6<sup>th</sup> about his car and the cat situation.

I stopped by 1002 3<sup>rd</sup> and found out Christy Bruce has moved with her 3 pit bulls and no longer lives there. They were on my list to get a rabies vaccine. I closed the case.

Monday 4/14/25 Picked up a small black dog from Manhattan on the river. Left a found notice in the clubhouse. Had the property manager sign the stray contract and got a picture of her ID.

Wednesday 4/16/25 TNR male cat from 1021 Ervin Terrace.

TNR small gray female pregnant cat from 134 4<sup>th</sup>.

Billy from 804 6<sup>th</sup> sent me a couple pictures of cat hair on his car and another substance on the back of the car. I spoke to Amber and told her we need to fix this issue or she is going to be cited for the nuisance and her landlord is going to be informed. She is buying CAT Mace and going to use that to keep the cats off the car. She also told me that Billy did shoot Blondie, the cat that likes to get on the car, with a BB. Not to hurt her, but to scare her away from the car.

Friday 4/18/25 Had court with Juanita Rogg from 425 3<sup>rd</sup>. She pleaded guilty and her dogs were deemed dangerous. She already had the dogs microchipped and got a county tag. She still needs to get a beware of dog sign for her yard and keep the dogs in the back yard where the privacy fence is and keep the gate locked.

Saturday 4/19/25 Called by Sargent Linkugel about a malnourished older dog at 6<sup>th</sup> and Clay. Dog did have a microchip, his name is Shadow, but it came back to a Troy Coleman in Harrison Oh. I asked some kids if they recognized him and they said try up on Brooklyn. I asked a house there and they said he lives at 627 Brooklyn. I left a found dog Notice on their gate. There were 2 other dogs in their yard. The number for the owner has been disconnected. I still tried to call it and send text messages to it. I found a Troy Coleman on facebook and sent messages there. The next day I went back and there was a car in the

driveway and the the other 2 dogs were in the house. I left my card after knocking very hard again. I also saw a message in the concrete that said "Troy loves Amber". Took dog to the shelter.

Sunday 4/20/25 I got a call from police about a dog brought to the fire station. It did not have a chip. I stopped at 334 5<sup>th</sup> and left a found Notice and checked 501 3<sup>rd</sup> but they had their dog at home. Took to the shelter they named him Ervin.

Monday 4/21/25 got ahold of Troy Coleman at 627 Brooklyn. He is going to pick Shadow up from the shelter in the morning. Shadow is 14 years old.

Left a found notice for Ervin at 418 5<sup>th</sup> and at 413 5<sup>th</sup>. Spoke to several neighbors and they think he might live at 413 5<sup>th</sup>.

During routine patrol I saw a small white dog with a belly band around 702 Dayton ave. I followed him home to 532 8<sup>th</sup>. The door was open and another dog was inside. I got ahold of Angela Catacora thru facebook and she got her son to come to the door and get Jax in the house.

Tuesday 4/22/25 Picked up Shadow from the shelter and took back to Troy Coleman at 627 Brooklyn. Due to his weight I did tell the owner I would be rechecking him in a week.

Wednesday 4/23/25 Drove by 425 3<sup>rd</sup> and she does have a beware of dog sign on the front gate. She has been very cooperative. Registered the dogs with the county as having a bite history.

Thursday 4/24/25 got a complaint from Cassie about 1109 7<sup>th</sup>. Their dog runs loose and leaves stool in neighboring yards. I was able to speak with the owner thru the ring doorbell. He said his dog escaped the back yard and he will make sure it doesn't happen again.

Friday 4/25/25 The shelter picked up a pitbull with a cone around his neck in Ft. Thomas and someone posted on facebook that the dog lived on Berry in Dayton. I went around several houses on Berry looking for the owner. I did find him at 612 Berry and he had just called the shelter and was going to pick up his dog.

Got a complaint from Cassie about 1021 5<sup>th</sup> having a strong odor. I went by and left a notice on the front door. I did hear a couple dogs inside barking.

Monday 4/28/25 Left a notice at 812 Ervin Terrace for a dog coming out at a guy walking his dogs on leashes past the house. The dog's name is Buster and he is a French bulldog 11 years old. The owner said the gate is always latched but this time it was not. I called his vet to see if he was current on rabies and he was over due. Advised the owner to get the vaccine asap.

I got to talk to 413 5<sup>th</sup> and met her 3 dogs. She is not missing a black lab mix hers was in the yard.

Got a call that a dog was left in a house for over 24 hours at 329 Silver. I left an abandonment notice but was informed by the neighbor that someone just came and let the dog out to pee and put it back. He did call me back and he is moving into the house and has not moved his furniture yet. He is caring for the 3 dogs.

Wednesday 4/30/25 Left a Notice at 902 Walnut for leaving a dog out in the thunderstorm last night. He called back and does not own a dog.

Checked 415 4<sup>th</sup> for a squirrel in a cage. They feed a wild squirrel, but it is not confined.

Projects	March 2025 Meeting Update
APPROVED/ONGOING PROJECTS	
TANK Grant	We are updating the cost estimate for the modified scope. Once we submit we will be authorized to get bids for construction.
Velo Apartments	We are working with them to see if they will remove the existing sidewalk ahead of our project so the path can be installed.
6-453 Dayton Riverfront Commons Ph 2 and 3 12' wide concrete bicycle/pedestrian trail and conduit for future lighting from Berry Street to Fourth Avenue. [Designer is KZF]	PRIME AE needs to make very minor changes to the specs and then this will be approved by KYTC to go to bid for construction.
6-3228 Dayton Pike Sidewalk Connector (Ph 2) New 1500' of 5' sidewalk along west side of Dayton Pike	NKWD is installing a new water main through this area that will replace the 2 existing mains. They anticipate the water main project will begin in August and last 2 months. The goal is for PRIME AE to have the plans ready to go to construction as soon as the water main project is completed. KYTC needs to determine how to handle the temporary easement (on call contract or sub to Compass or PRIME)
Upper Riverfront Commons Trail Improvements Improve the existing trail at the top of the earthen levee that runs along the south side of Manhattan Boulevard	The project was not selected for funding from OKI this cycle. We had a debrief with OKI on how to score better next cycle. Creating a capital plan that includes projects that will be submitted for grant funding and completing some of the older grant projects are the two best things we can do.
Grant Park Drive Stormwater Mitigation Project	Hendy has started construction

Levee Toe-Drain Project	SD1 did not provide any information. Engineering to meet with Public Works to look in manholes once PW schedule eases up.
7th Street Slide	Recived \$70,000 in funding to put toward the 7th Street Slide geotechnical exploration and engineering design. Design is complete and we have a cost estimate for construction. We need to submit for additional funding for construction. We are working on finalizing a cost estimate so that additional funding from KYTC can be requested. Submitted for CPPP funding consideration and were just notified the project did not recieve funding. We will continue to look for alternative funding options.
Third and Walnut Stormwater Mitigation Project	Design work has been completed and the 50-50 application has been submitted to SD1. They are reviewing and we are waiting on final approvals. They plan to take the project to their boad for consideration at the May board meeting. There is a chance they will pay for more than 50%.
Riverpointe Stormwater Improvements	The 50-50 cost share application has been submitted to SD1 for consideration.
2025 Resurfacing	List has been compiled and we have coordinated with the Northern Kentucky Water District on their priority main replacement projects. Finalizing list of roads to include and then putting out to bid with Bellevue.
PROPOSED PROJECTS	
Dayton Pike Stormwater Mitigation Project	The project was not selected for funding from OKI this cycle. We had a debrief with OKI and they don't think this is going to be a project that is likely for SNK funding moving forward.
Downtown Streetscape Project	

RAISE (TIGER) Grant Opportunity	May be advertised for design soon.
Industrial Park Roadway Resurfacing	
2024 City Street Repaving	Paving complete
Kenton Street at 7th Avenue Alley Replacement	
Sargeant Park Stream Mitigation Project	
Ramp/steps from Berry Street to Riverfront Commons River’s-Edge Trail	The project was not selected for funding from OKI this cycle. We had a debrief with OKI on how to score better next cycle. Creating a capital plan that includes projects that will be submitted for grant funding and completing some of the older grant projects are the two best things we can do. We met with Brenden Sullivan and Will Weber to discuss the overlook option. Cardinal Engineering has identified a potential red flag with SD1 having a sewer easement where proposed piercing would need to go. We may only be able to move forward with the ADA path.
