Dayton Report 2026 September

Tuesday 9/8/26 Went to 221 4th and scanned the dog for a chip. The resident's husband found the dog in a rural area in Portsmouth Ohio. The dog is an older Coonhound. I sent Scioto county animal control a picture of the dog. Our shelter would not accept the dog.

Wednesday 9/9/26 TNR female cat that showed signs of recent pregnancy at 224 3rd.

Officer Mangan found a white poodle mix but found the owner at 1021 5th.

Picked up a yellow lab from Circle K, the dog had a chip and was returned home to 812 Thornton.

Thursday 9/10/26 got a complaint about 404 10th having 6 dogs and yard smells bad due to stool. I did speak with the resident and she did have 6 dogs there over the weekend for the fireworks. Her son has since left and took his dogs. I checked the yard and did not see any stool. She claims the abandoned house behind her has an odor coming from it. That address is 1001 Ervin Terrace. That has is being sold at an auction this month.

Monday 9/14/26 There was a dog bite on the floodwall over the weekend and I need information on the dog. I left a card at 415 Dayton ave. The owner called me back and I found out the dog's name is Bear and is current on rabies vaccine for the next 3 years. We still placed the dog under quarantine at home. The victim had begun rabies post exposure series at the hospital on Saturday night. I told him to speak to his doctor, but he does not need to continue rabies shots for a vaccinated and quarantined dog. The victim wants home owner insurance information for the dog owner. The dog was on a leash when the bite occurred. I informed the victim it is a civil matter at this point.

Tuesday 9/15/26 This morning I got a call from 902 3rd about a cat crying in distress in the alley somewhere. I was able to locate a kitten stuck in the fence at 311 Main. I was unable to get the kitten loose so I called the fire dept. for help. They brought a Phillips screw driver and was able to get the privacy fence pulled apart to get the kittens leg out. I took the cat to the vet because he was unable to use his leg. Rivercity animal rescue is taking the kitten.

Got a call from Officer Bill Howell about a mail man getting severely bitten. At first the owners of the dog took the dog and left the scene. Howell arrested the owner for tampering with evidence and cited her for vicious dog running loose and no rabies. I sent the bite report to the health department at 7:10pm and spoke to the victim and got pictures of the bite. The dog lives at 142 5th apt. 1 and is back on the property. Did bite report and sent it to the health dept. Dog is in quarantine until Friday 9-25-26. After that the owner has been ordered to get the dog neutered, microchipped, vaccinated for rabies and registered with the county as dangerous.

Friday 9/18/26 Got a call from Dayton officers about a coonhound running loose at 6th and Ervin Terrace. He brought it to the police dept. and the owner was driving by and seen him. It was George from 221 4th.

Saw a facebook post about kittens at 329 Silver. Spoke to the resident and gave him my card about TNR.

Monday 9/21/26 TNR 2 cats from 532 8th.

Theo was running loose on Kenton. Took him back home to 1112 4th.

Thursday 9/24/26 Got a call about a cat with skin issues at 915 Thornton. The cat had a microchip and lives next door at 917. Cat was taken home by the owner.

Monday 9/28/26 TNR 3 females from 1112 4th

Wednesday 9/30/26 Picked up 2 kittens from 1112 4th and found homes for them.

Projects	October 2026 Meeting Update
APPROVED/ONGOING PROJECTS	
6-453 Dayton Riverfront Commons Ph 2 and 3 12' wide concrete bicycle/pedestrian trail and conduit for future lighting from Berry Street to Fourth Avenue. [Designer is KZF]	All work is complete except we need protective railing on the river side of the path for at least 300-400 feet. PRUS is working with their railing contractor to get pricing together. We are also faciliating communication between PRUS and PRIME AE to get the layout set correctly. It would be good to get construction fencing placed in the steep areas until the permanent railing can be placed. The construction hooks have been removed from along the retaining walls.
6-3228 Dayton Pike Sidewalk Connector (Ph 2) New 1500' of 5' sidewalk along west side of Dayton Pike	All consent and release forms have been signed. Final plans from PRIME were submitted to KYTC on 6.25.26. Once KYTC approves the plan, we can put it out to bid for construction.
Ramp from Berry Street to Riverfront Commons River's-Edge Trail	We have received the full survey from APG Geo and have begun looking into options on how to best get an ADA ramp from Manhattan Blvd down to the Phase II path. We will coordinate with APS Geo on this.
Upper Riverfront Commons Trail Improvements Improve the existing trail at the top of the earthen levee that runs along the south side of Manhattan Boulevard	The project was awarded grant funding through OKI. The MOA authorizing the design funds has been sent to the City. Once this is signed and returned, KYTC will distribute for signatures on their end and then issue a notice to proceed.
7th Street Slide	**Alan Stone Co was the lowest bidder and has been awarded the contract. We are working with them to get their proosed work schedule and are soliciting quotes for inspection/testing services.** We will continue to look for funding opportunities to help with the roadway restoration. An LARP application was submitted for this the last week of September.
Third/Fourth and Walnut Stormwater Mitigation Project	Reimbursement to SD1 is ready for submittal if it hasn't been submitted already.
2025 Resurfacing	Complete
New Public Works Facility	Working on RFP/RFQ

Dayton Pike Stormwater Mitigation Project	SD1 does not fee this is a good candidate for the public cost share.
Grant Park/Manhattan Blvd/7th Street Alley Public Cost Share through SD1	SD1 public cost share has been submitted to SD1 with updated plans and easement documents.
PROPOSED PROJECTS	
RAISE (TIGER) Grant Opportunity	May be advertised for design soon.
Industrial Park Roadway Resurfacing	
Kenton Street at 7th Avenue Alley Replacement	We are coordinating with Cardinal Engineering and the owner to get the work scheduled.
Sargeant Park Stream Mitigation Project
